

Firooze Abbasi Sadee
fabbasisadee@noor.iust.ac.ir

Education

B.S., Industrial Engineering – Bushehr Pnu university, Bushehr, Iran, 2015.

M.S., Industrial Engineering – Iran University of Science and Technology, Tehran, Iran, 2017

Research Interests

Supply Chain network design

Supply chain network redesign

Benders decomposition

Location and allocation

Published & Working Papers

1. “Scenario-based design of a multi echelon wheat supply chain network a real case of Iran”, (With S. M. Hosseini-Motlagh and S. Cheraghi), **(ISI, working paper)**.

Computer Skills

Microsoft Office	level: intermediate (Excel, Word, Power point)
MATLAB	level: elementary (programming, optimization)
GAMS	level: elementary (programming, optimization)
MSP	level: elementary (Project)

Language Skills

Persian	level: native
English	level: intermediate
